ALL SHIPMENTS ARE F.O.B. EASTON MARYLAND WITH FREIGHT ALLOWED TO THE FIRST DESTINATION DESCRIBED BELOW.

Allowed freight is based on standard truck load freight rates. If the purchaser requires multiple shipments with additional (LTL) freight costs, these costs must be added to the purchase order.

CONSULT FACTORY IF SPECIAL EQUIPMENT IS REQUIRED (SHORT TRAILER, LIFT GATES).

Prices are for individually cartoned units shipped in closed trailers. No pallets are included. Please note that the new price sheets have a line for palletizing a shipment and will calculate any additional freight costs due to fewer units fitting in a trailer.

The price sheets will add the Freight Surcharge based on the Province entered.

Consult factory for Freight Surcharge for shipments to destinations outside of these areas or not part of the mainland. All prices are subject to change without notice.
