Commercial Product Line

- Water Source Heat Pumps
- Fan Coils

... From the pioneer in vertical stack HVAC technology and innovation.
Established in 1962, The Whalen Company is one of America’s most innovative leaders in the commercial HVAC industry. As originators of vertical stacked fan coil units and heat pumps, we are committed to offering practical solutions for developers, architects and builders that reduce costs and improve performance.

The history of The Whalen Company demonstrates our commitment to purpose-driven engineering and operational efficiency. With one of the broadest portfolios of products offered of any manufacturer, The Whalen Company has the product to meet the needs of virtually any building.

WATER-SOURCE HEAT PUMP PRODUCTS

**Closetline® Packaged Vertical**
- 17 EER
- 600 to 2,000 CFM
- Quiet operation
- Solid state control with 8 safeties standard
- Optional factory mounted control valves
- Optional hot gas reheat for temperature and humidity control
- Optional hybrid heating and cooling operation
- Optional EC constant torque motor
- Optional E-coated air coil for corrosion protection

**Closetline® Packaged Horizontal**
- 17 EER
- 600 to 2,000 CFM
- Quiet operation
- Solid state control with 8 safeties standard
- Optional factory mounted control valves
- Optional hot gas reheat for temperature and humidity control
- Optional hybrid heating and cooling operation
- Optional EC constant torque motor
- Optional E-coated air coil for corrosion protection

**Whisperline® Vertical Stack**
- 14.0 EER
- 200 to 1,200 CFM
- Slide-out chassis for ease of service
- Optional ECM variable speed motor
- Optional closed cell or foil faced insulation
- Stainless steel drain pan standard
- Factory mounted internal water options
- Microprocessor controls standard

**Whisperline® Console**
- 14.0 EER
- Advanced digital auto change-over unit mounted control with temperature display, and speed selection
- Microprocessor controls standard
- Right or left-hand piping arrangement
- Powder-painted drain pan

**Whispertherm® Vertical Stack**
- 14.0 EER
- 200 to 800 CFM
- Integrated core HRV/ERV module
- Reverse cycle WSHP or DX cooling with hydronic heating
- Slide-out chassis for ease of service
- Optional ECM variable speed motor
- Optional closed cell or foil faced insulation
- Stainless steel drain pan standard
- Factory mounted internal water options
- Microprocessor controls standard

**Whisperpack® Vertical Stack**
- 14.0 EER
- 200 to 1200 CFM
- DX cooling with hydronic heating
- Slide-out chassis for ease of service
- Optional ECM variable speed motor
- Optional closed cell or foil faced insulation
- Stainless steel drain pan standard
- Factory mounted internal water options
- Microprocessor controls standard

**Whisperline® Two-Stage Vertical Stack**
- 18.5 EER
- 2-stage scroll compressor and ECM motor resulting in superior efficiency and comfort
- Best-in-class sound levels and quiet operation
- Service friendly features for easy repair and installation
- Floating compressor design and cabinet isolation pad to minimize vibration transmission
More than a half-century after our founding, The Whalen Company continues to provide solutions for new and replacement air conditioning applications, with a steadily increasing line of products. We have participated in thousands of applications worldwide including hotels, motels, condominiums, apartments, senior living facilities, office buildings, schools and dormitories.

Our flexibility and expertise allow us to meet the needs of our customers by providing a design that fits seamlessly into the building rather than forcing the building to fit the equipment.
Whalen equipment has been specified in hundreds of projects in these and other categories:

- Hotels
- Apartments
- Condominiums
- Senior Living Facilities
- Dormitories
- Offices

Take the Next Step
To learn more about how The Whalen Company can help you save time and money on your next project, contact your local Whalen representative, call 410-822-9200 to speak with one of our specialists, or e-mail your request to sales@whalencompany.com.

Additional technical resources, including dimensional drawings and Revit models, are available on our website at www.whalencompany.com.

Behind every unit that carries the Whalen name is a singularity of purpose: the engineering and manufacturing of products that improve the quality of life for our customers.

Our long-term commitment to this endeavor assures you of systems that are distinctive in **concept**, **performance**, **reliability** and **value**.

The number of industry “firsts” from Whalen is impressive. They include:

- The industry’s first vertical stack valveless fan coils
- The first vertical stack heat pump offering
- The first removable chassis closet-type heat pumps
- The first AHRI-listed water-cooled air conditioning units with hydronic heat

Let us put Whalen innovation to work for you, too. Find out how our approach to your project will deliver a “perfect fit” solution – and make your life easier.
