

The Whalen Company Hospitality Installations

The Whalen Company specializes in hotel/motel, casino and other hospitality applications needing heating and air conditioning systems for new projects or as replacements for existing properties.

Each Whalen product solution offers significant installation and operational advantages to the owner, architect, engineer and contractor – an all-around win for everyone.

This brochure is just a few examples of Whalen units in the Hospitality market in the United States and Canada. As you can see, with thousands of units in the field, The Whalen Company has become an expert when designing and manufacturing units for hotel applications.
